## WHERE TO VOTE.

### HOW THE PRECINCTS ARE DIVIDED IN SEDALIA.

The Order of the County Court Establishing Two Voting Precincts and Dividing the City.

Following is the order of the county court dividing the city into voting precincts. Study it carefully that you may know where to vote and thus save confusion:

"Ordered that Sedalia township be and it is hereby divided into two precincts to be known as 'Sedalia Precinct No. 1' and 'Sedalia Precinct No. 2,' and that the line of division be as follows:

Commencing at a point in the township line where the eastern extension of Broadway street, in the city of Sedalia would intersect said township line, thence west on Broadway and said extension of Broadway to New York avenue in the city of Sedalia; thence north on New York avenue to Fifth street; thence west on Fifth street to La mine avenue; thence north on La mine avenue to the alley between Fourth and Fifth streets; thence west through the center hall of the court house to Ohio street, thence south on Ohio street to Fifth street, thence west on Fifth street to Quincy avenue; thence north on Quincy avenue to Third street; thence west on Third street and the extension of Third street to the township line."

All voters living north of the above described division line will vote at precinct No. 1, at the Probate Judge's office at the court house.

All voters living south of the division line will vote at precinct No. 2—the circuit clerk's office at the court house.

The voting places are on the east side of the court house and will be approached from the east. Upon entering, the voter who lives in the north precinct, will turn north to his voting place; those who live in the south precinct, will turn south and vote and pass out at the south egress.

### The Railroad men are Ramsey's friends.

#### Bad Wreck on the "Katy."

A freight train of cattle, cotton and lumber was wrecked on the Missouri, Kansas and Texas railway at Mazi, I. T., yesterday morning, killing Engineer Stanton and mortally injuring Fireman Blythe and the head brakeman, Ayres. The accident occurred on the approach of a bridge, and was caused by a cow on the rails. The engine fell from the bridge in an inverted position and 17 cars were piled up on it. This is one of the most costly freight wrecks that has occurred on the "Katy" in several years. The injured will be brought to the hospital in this city.

**Vote for W. D. Wallace for Constable.**

Every body likes an enterprising man, hence Ramsey's popularity.

A vote for Logan is a vote for the right man.

#### Election Returns.

Returns from the election will be received at the Democratic club headquarters at Hurley's hall Tuesday night.

A wire has been put in the hall, an expert operator will be on hand and the club invites every democrat in Sedalia to come out and hear the joyful news.

#### Ramsey was in it Saturday night. Vote for him.

#### Death of Miss Majors.

The remains of Miss Lelia Majors whose death from typhoid fever occurred at Fayette, where she was attending college, passed through the city this morning and were taken to the home of her parents near Longwood.

#### POLICE COURT.

John Henry Summers Appears Before His Honor—The Defiant Attitude of Criminals.

A small docket was before the recorder this morning and he was not rushed in his work. Each unfortunate was given a chance to tell "the story of his life," and none failed to take advantage of it. The stories of wrecked lives are sad things. Daily in the police court do the haggard men and women tell over again the hideous stories; nightmares that follow them by day and by night. There is a sameness about them, save in minor details, that soon grows monotonous; this woman was once loved, this man

once honored but now they stand defiant in their degradation. They are at war with themselves and society; they see in law an enemy that hunts them out, that convicts and imprisons them. Many think themselves persecuted; they live under a code of morals which their estranged minds believe right and justifiable under the circumstances. If society and their own weakness has made them outcasts and criminals, what are they to do? They are fatalists; they believe themselves born under an evil star, their destiny was shaped from the beginning. The educated and the ignorant criminal belong to the same brotherhood; they are chained in the same galley, and if the senses of one are more acute than the other it is only to better evolve schemes by which they can justify their course of life under the present conditions of society. In most instances the hardened criminal is a sullen, defiant and irremediable outlaw.

Jos. Maloy, Harry Harvey and B. R. Willis were up for trespassing, having been found beating their passage on a railway train. To them this was perfectly justifiable; fortune had gone hard with them and they did not hesitate to make the best of the matter. A fine of \$5 each with a stay to leave town was the penalty.

John Henry Summers—poor, unfortunate fellow—was up again for drunkenness. The same pleading story, the same piteous resolve to do better and flee from the horrible bondage of liquor, was told again. John Henry Summers is a remarkable man. After keeping sober for over a year, rising from the gutter to a better life, with no future to encourage him, he fell again. He was fined \$5.

G. W. Rogers got drunk and disturbed the peace. He was fined \$5 for the first offense and \$7 for the latter.

#### Struck by a Train.

John Wells, an East Sedalia teamster, had his wagon badly damaged this morning about 7:30 o'clock by an incoming freight train from the west. Mr. Wells had driven down between the tracks at Kentucky street and was getting a load of potatoes from a car, when a freight train, which he supposed was following the main line, suddenly turned on to a side track and frightened his team. The wagon was backed against the track and the right hind wheel smashed by the train. The horses started to run and ran the heavily loaded wagon against a rail with such force as to shatter the right front wheel, scattering potatoes in every direction.

#### The Big Rally at Green Ridge.

The democrats of Green Ridge and the immediate vicinity will give a final rally to-night. The demonstration will eclipse anything of the kind ever before held in that enterprising little city. Prominent speakers have been engaged, and the democracy of Green Ridge will nobly distinguish itself. Conscious of the great victory of Tuesday, there will be a jollification at which every man will be glad he is a democrat.

Hon. Chas. E. Yeater, candidate for senator, will be present and deliver a forcible and brilliant address. He has made a great canvass, and his Green Ridge supporters are anxious to have him with them at this final rally.

**Vote for W. D. Steele, a successful lawyer, for Prosecuting Attorney.**

#### Would Knock Out Sullivan.

In a speech at Oakwood, near Hannibal, a few days ago, Hon. Champ Clark, the democratic nominee in the famous dead-lock in the Ninth congressional district, says:

"After Sullivan and Corbett had their mill in Louisiana the newspapers said that Sullivan was whipped because he was to fat. If he ever fights Corbett again (and I hope he will) I will give him a receipt, and it will be to come here into the Ninth district and run against Dick Norton and myself for congress, and I will guarantee that it will take the fat off of him."

**Vote for W. D. Steele, a competent lawyer, for Prosecuting Attorney.**

#### Judge Smith in the City.

Judge Jackson L. Smith, judge of the court of appeals, passed through at noon on his way from Kansas City to Jefferson City, where he will cast his vote to-morrow.

#### Came in from Kansas City.

Mrs. George G. Vest came in from Kansas City at noon and will remain with her daughter, Mrs. Geo. P. B. Jackson, on Broadway.

## ROUSING RALLY.

### BIG DEMOCRATIC MEETING AT THE COURT HOUSE.

The Final Rally of the Campaign to be Held This Evening—Eloquent Speeches.

The final democratic rally of the campaign will be held at the court house to-night. Rousing speeches will be delivered by a number of well known orators.

Every democrat should turn out and show that the masses of the party are in line for good government; free elections and the good name of the state.

#### List of Ex-Convicts.

Chairman S. J. Harrison, of the democratic central committee, of Marion county, has secured a list of all the ex-convicts residing in Hannibal, forty-two in number. Forty-one of these are colored men, and from time immemorial have been voting the republican ticket in Hannibal and on very few occasions have they been disturbed. Not a single ex-convict will vote next Tuesday, however, because one of these lists will be in every precinct in the city and the judges will see that none vote. If any try to vote and are caught in the act they will be promptly arrested. This is official.—Hannibal Journal.

**Vote for CLOPTON for public administrator.**

**Vote for Logan for Assessor.**

**Vote for W. D. Steele, an experienced lawyer, for Prosecuting Attorney.**

**A Democratic Winner.**

The Columbia Herald in speaking of those who will be successful in the senatorial contests, says: "The Fifteenth (the Pettis-Saline county) district will send Charles E. Yeater, a bright young Sedalia lawyer, who is a graduate of the state university. Senator Richardson, who made the bitter and unjustifiable attack upon the people of Columbia, is laid on the shelf."

#### Trolley Wire Broke.

The trolley wire of the electric street railway broke in two last night on Ohio street between Third and Fourth and traffic on that part of line was temporarily suspended for several hours. The track gang finally mended it, but not without being almost frozen by the stiff winter wind that whistled up Ohio street.

**CLOPTON is the man for public administrator. His record shows that he is honest, competent and faithful. Vote for him.**

**Vote for Logan for Assessor.**

**Vote for W. D. Steele, an experienced lawyer, for Prosecuting Attorney.**

#### Sam Majors' Preaching.

Immediately after the war, says the Rochester Commercial, Senator Sam Majors, of Fayette, and his friend, Henry Collins, made a tour of the southern states to replenish their pockets. Sam turned preacher and was a Baptist or a Methodist, as the occasion might require. The crowds drawn in this way afforded Mr. Collins a harvest for horse trading.

In speaking of this memorable trip, Mr. Collins said, "I shall never forget a sermon which the senator delivered one night away down in Texas. He had been conducting a protracted meeting for two weeks, and his success was wonderful. It was a Baptist meeting, and the young, the middle-aged, and even men whose hair had become frosted by age, and whose forms tottered as they walked, sought the altar of repentance, and while drinking in the eloquence of the senator, found salvation in God. This was the closing night, and Sam preached from this text: 'Shout, for the Lord hath given you the city.' Such a picture was never before drawn by man. He made the subject so plain that I imagined that I saw Joshua and his army marching around Jericho, I heard the bugle sound, I saw the walls tremble, toter, and then tumble down, and heard the moans of the wicked within. At the close of this powerful sermon Sam extended the invitation to the sinners to come forward, and 35 marched to the front and were then and there converted. The

baptising took place the next day and while that old familiar hymn, "Feed well thy sheep," was being sung, I passed the hat around for the benefit of the preacher and raked in for Sam \$45 in money, three pair of socks, one linsey shirt and two pair of home knit suspenders. Sam was well pleased with the collection and the next day we folded tent and pulled out for Missouri. Sam didn't keep his money long, though, for no sooner did he reach Fayette when he fell in with his old friend, Ben Boone, and lost every dollar on a cock fight."

REMEMBER the Democratic rally at the court house 40-night.

The days of brag and bluster are over and the show-down comes to-morrow.

J. M. LOGAN will be found on top of the Dump when the returns come in.

JAMES S. HOPKINS will make one of the best sheriffs Pettis county ever had.

A VOTE for the democratic ticket is a vote for individual and industrial freedom.

THERE will be some mighty interesting democratic talk at the court house 40-night.

"ONLY two more days until Major Warner" knows just how badly he is defeated.

EVERY law on the statute books of Missouri in the interest of labor was put there by the democratic party.

THE voter on Tuesday should scratch all the names on his ballot except those of the democratic candidates.

"STAND up for Missouri," not by damning her with faint praise but by rebuking those who have maligned her.

CARNEGIE and Frick have good and sufficient reason to vote the republican ticket. No working man has, however.

ELLIS R. SMITH will not collect the taxes of the people of Pettis county. He should have taken his rest voluntarily.

PETTIS county will do a great deal of excellent road work, and Stanley is the name of the man who will superintend it.

THERE is no reason on earth why any man should vote the republican ticket unless he is running a "protected" manufactory.

THE villainous stories against Jim Hopkins have been disproven. Now let Sedalians show by their votes how they detest slanders.

THE republican organ frantically calls upon all republicans to "vote the straight republican ticket." Democrats will please remember this.

MR. LOUIS HOFFMAN will continue his law business at the same old stand and Billy Steele will prosecute evil doers in Pettis county for two years at least.

THE people of Missouri do not want a "redeemer" or a "messiah" in the executive chair. They want

a public servant to execute the laws their representatives enact.

If there is a voter in the city who has not made up his mind just how he is going to vote he can get some valuable information at the court house to-night.

CLEVELAND's election is assured. Stone will receive a rousing majority. Now let every democrat see that every man on the democratic county ticket is elected.

CHARLEY YEATER and Bob Prigmore will stand up for Sedalia, Pettis county and the state of Missouri at Jefferson City this winter and even our republican friends will be proud of such representatives.

LET every democrat in Sedalia go to the polls as early as possible Tuesday morning, vote the democratic ticket straight and then induce some friend to do likewise.

JOE HUGHES will not lose a vote by reason of the *Gazette's* effort to show that he and Judge Shirk and Henry Lamm and Nat Lower and several other gentlemen tried to rob a widow.

THE republican managers in New York base their only hope of success on Johnny Davenport and his deputy United States marshals. If they can win this time they hope the force bill will make the next campaign much simpler.

HON. W. J. STONE has made a manly, frank and dignified canvass of the state. He has too much respect for the intelligence of the people of Missouri to insult them by offers to increase the value of their lands 40 per cent. He is not a demagogue.

DEMOCRATS, turn a deaf ear to the republican who wants to "swap votes" with you. The republicans know that their only chance is to concentrate on one or two candidates. The democrats, on the other hand can elect their whole ticket without swapping or trading.

THE republican journals have denied all along that the force bill is an issue. Their party managers, however, display all the spirit of the force bill in their efforts to intimidate citizens of various states with federal deputy marshals appointed solely for political purposes.

BEAR in mind that there is not even an insinuation that Mike Doherty has ever failed in the performance of duty. The only charge against him is that he respected his official oath, did his duty and collected the taxes that were due. If you want a collector to collect the revenue, vote for Mike Doherty.

It is a little curious that it should have required all these years to demonstrate Major Warner's ability as a boomer. If there is anything in the claim that he can add 40 per cent. to the actual value of the real estate in this country he certainly ought to consent to do so whether he is elected or not.

WHEN the voter is given a ballot by the election officer he should retire to a booth, take his pencil and make plain black marks across all of the groups of names except those headed "Democratic Ticket." That will be a vote in the interest of "Molly and the baby" and everybody else except the protected monopolies.

THE hope of our country is in the people themselves. They are the source of all power. The self-respecting voter must feel an extreme disgust come over him when he reads that the election of this man or that will increase the value of their property 40 per cent. Intelligent people know that no man can accomplish any such thing.

NO STATE in the union has fairer laws than Missouri. No agricultural state has prospered so greatly; nowhere is the wealth more evenly divided; nowhere is there less of the extremes of wealth and poverty; in no state are taxes lower or life and property safer. The intelligent voter should remember these facts when he goes to prepare his ballot.

THE Pettis county court arranged the voting precincts in Sedalia according to a plan approved by Mr. Louis Hoffman, republican candidate

for prosecuting attorney. If Mr. Hoffman made a mistake and advised the court wrongly, as the *Gazette* would have the public believe, that fact ought to make even republicans careful lest they, too, make a mistake in voting for him.

NO SEDALIAN can afford to vote against Charley Yeater for senator. In Jefferson City the republicans have laid aside party and are supporting a democrat for representative, knowing that the general assembly will be democratic and therefore that a democrat can serve them more efficiently than a republican. Sedalia should profit by the example. Mr. Yeater is a citizen and a property owner in Sedalia, and Sedalia's interests are his interests; on the other hand, his opponent, Mr. Smith, is a citizen of another county and his interests are the interests of another locality. Hence, if any question comes up in the senate where the interests of Sedalia conflict with the interests of Mr. Smith's home, he would naturally be against Sedalia. Sedalians who have the interests of their town at heart should give Mr. Yeater a rousing majority so that the public may see that he has the hearty endorsement and confidence of his own people, that his usefulness to those people may be increased.

PETTIS county should give Hon. John T. Heard a rousing majority to-morrow. No district in any state ever had a more faithful representative. He fully appreciates that he is sent to congress as the servant of his constituents, and he never neglects their interest an hour during the session of congress. His services are so highly appreciated by the people of the district that he has been three times the nominee of the democratic party without opposition, and that, too, when a nomination was equal to an election. This honor to one of her citizens is also an honor to Sedalia, and one that Sedalia people appreciate. Having been thus honored, Sedalia should put herself squarely in accord with the people of the district by giving Mr. Heard a rousing majority.

THE voters of Sedalia will best conserve their own interests by re-electing Judge R. E. Ferguson. He has stood up manfully for Sedalia and for the best interests of every class of our citizens. His experience on the bench will be of great value, especially in the important matter of road work, and this affects republicans as well as democrats. Tried by the tests of honesty, integrity and capacity, Judge Ferguson measures full up to what a public officer should be, and deserves the endorsement he is sure to receive at the hands of the people.

EACH day of the campaign it has become more apparent that W. D. Steele is the proper man for prosecuting attorney and that he will be elected by a rousing majority. He will poll the full democratic vote and scores of republicans frankly admit that he is the best man for the place and should be elected. Pluck and ability to successfully defend the interests of the people are what are needed in this office, and it is universally admitted that Billie Steele has both.

THE *Gazette* predicts the success of Harrison, Warner and the republican county ticket. There is no occasion for alarm, however, in this startling prediction, for the *Gazette* is doing some mighty bad guessing under the guise of prophecy. For instance, that paper assured its readers that "four hundred railroad men" would take part in the parade. Events proved that our contemporary had made a mistake of just 384.

JUDGE FERGUSON in the eastern district and Judge Conway in the western will be re-elected, as they should be, to the county bench. They are two of Pettis county's most intelligent, conservative and conscientious citizens. They are thoroughly acquainted with county affairs and their services will be of incalculable benefit to the people of the county during the next two years.

OF course it is understood that a great many of Pinkerton's thugs will be hired as deputy United States marshals to brow beat democratic voters in New York, and if such high handed outrages result in a victory for the "protected" barons they will see to it that the next and the next is carried in the same way. The people can defeat them yet, but they cannot if the force bill becomes a law.

W. D. STEELE's services in the interest of railroad men will gain him many votes among them. His ability, success and indomitable perseverance as a lawyer will get for him votes among all classes. He has conducted a clean, honest, honorable campaign, and will be elected by a large majority and make a good official.

OUR morning contemporary has been as lumb as an oyster ever since it discovered that its slander against Joe Hughes reflected just as severely upon Judge Shirk, Col. Henry Lamm and Mr. Nat Lower, all good republicans. But it never has had the manliness to expose the man whose fine Italian hand put up the job.

THE interests of the widow and the orphan are safe in the hands of John R. Clopton, democratic candidate for public administrator, and those interests are too sacred to be put to any risk. Vote for Clopton, an honest, experienced and faithful officer. Do this much in the interests of those who are not voters.

OUR republican friends boasted of the "four hundred railroad men" who would participate in Saturday night's parade, but when the procession materialized it was found that only sixteen men were in the column.

THE *Gazette* says the railroad men "made a magnificent showing of strength" in Saturday night's parade. Of strength, possibly; certainly not of numbers, for there were only sixteen railroad employees in line.

"GET your votes in before the noon hour, republicans of Sedalia township," says the *Gazette*. It will be easily done if Saturday night's parade is any indication of the number of republicans.

ONLY sixteen railroad shopmen marched in the republican procession Saturday night. Result, grief and dismay among the republican managers.

'Not a railway trainman in Saturday night's republican parade.

ARE WE FREE MEN?  
To-morrow the citizen will exercise a right secured by the blood of our fathers. It is the most inviolate charge given to the keeping of a nation that has grown to be the mightiest of the earth.

In the far off depths of Siberian mines, scoured by the knout and lost in the voiceless gloom of a Russian winter, lie men whose courage of conviction have cost them all that is dear in life. Home, wife, children, all are to them but the shadow of a dream. The American citizen, surrounded by peace and prosperity and secure in the impregnable fortress of personal liberty, stands under the smile of heaven, free to exercise his noblest instincts in maintaining for himself and children the government that has made the name of America beloved and venerated wherever it is heard.

And yet, with all these blessings around us, there are those who seek to corrupt the ballot; there are those who for paltry gold seek to prostitute that for which the immortals laid down their life on the plains of Saratoga; there are the few who will become the assassins of political liberty. By bribery, fraud and corruption they will try to subvert the will of the majority to ambitious treachings of the few.

"Is there a man with soul so dead who never to himself has said, this is my own, my native land?" From the shades, the spirits of Clay, of Calhoun and of Webster look upon the people whom they loved and for whose welfare they battled.

May every native citizen and those no less who have its adoption tried cast a pure ballot; may prejudice find no place in their decision, in this, one of the most memorable elections the country has ever seen. May every man keep in mind the palaces of monopoly that look down upon the squalor and poverty of

those who have built them for the benefit of the American barons.

America is no place for an arrogant aristocracy, whether it come from the title of wealth or of blood. It is foreign to the instincts of the government and no true man should support a party that fosters principles for the upbuilding of such institutions.

Remember the force bill and the men who dared to insult the nation with such an unconstitutional measure. Think of the exhausted treasury at Washington and the causes that produced it. Think of the impoverished condition of the farming classes and that the McKinley bill has closed to them the great markets of Europe, raised the price of the necessities of life, and that the bill has strangled what its champions piously claimed it would increase.

Know that the democratic party opposes all such evils, and vote accordingly, as patriotic, conscientious men.

### A DISMAL FAILURE.

The republican parade Saturday night was a dismal failure and the managers of that party are correspondingly discouraged.

They realize now, when it is too late, that they made a mistake when they relegated the old tried and trusted leaders to the rear and put inexperienced men in charge of the campaign in this county.

Even Warner's presence Saturday and all the "magnetism" he could exert failed to call the "faithful" from their tents, and only succeeded in bringing sixteen railroad men to follow the band and the flambeau club.

The managers expected "four hundred" railroad men in line and their disappointment was plainly to be seen when not a trainman could be found to march in the parade, and only sixteen shopmen answered to the bugle call.

Rainbow chasing is all well enough in its way, but there was more than one old veteran republican who laughed in his sleeve Saturday night, as he saw the procession return from Sedalia and realized that "all things come to him who waits."

### AMUSEMENTS.

"The Private Secretary," the most amusing home-spun comedy will be produced at Wood's opera house Wednesday, Nov. 6.

Since its last presentation here, Mr. Gillette has made several important changes in the play, which are chronicled as most emphatic improvements. He condensed the original third act into the second act, wrote an entirely new third act, giving an entirely different coloring to the finale of his humorous story. The comedy comprises many well known comedians, and was especially selected for the present tour by Mr. Edwin Travers to present the play in excellence, exceeding all past efforts. To this end he certainly has succeeded in receiving the encomiums of the press, where the company have appeared.

The old secretary is said to have renewed his youthful vigor of former days and seems to be in a much healthier condition than ever. Unquestionably, he may be well christened the prince of consistent humor. His droll happenings, his numerous errors, interrupted with quaint sayings and ridiculous funny posings spun in a most artful manner by the clever author, keeps an audience in a constant strain of rich laughter, and those who have enjoyed it, seem to relish it as eagerly each season as at its initial introduction.
